Canada-BC Job Grant

How Can It Help You?

The Canada-B.C. Job Grant is a program that assists BC employers to invest in employee training, with the total training cost between the employer and the government. This helps employers and makes keeping jobs easier for British Columbians by encouraging work skills development.

The funding made available by the Government of Canada and the Province of BC reimburses 2/3 (two-thirds) of employee training costs, with a maximum of \$10,000 for each employee trained per fiscal year, providing the budget, training capacity and hiring and retention strategy you need to advance your business.

In addition, small business employers may qualify for reimbursement for up to 100% of eligible training costs if the training will result in the employer hiring a previously unemployed person, up to a maximum of \$15,000 for each future employee. Small Business BC, the province's resource centre for small business owners and entrepreneurs, is a Service Provider for the Canada-BC Job Grant.

Applications are being accepted for training that starts on or before March 31, 2017. Don't miss your chance to develop your team and make your business thrive!

Contact Small Business BC for more information on how you can take advantage of the Canada-BC Job Grant:

Promotion. Advocacy. Volunteers. Connected. Progressive. Critical-Thinking. These are just some of the many words that can be used to describe the work of the Kitimat Chamber of Commerce.

Serving as the Voice of Business in Kitimat since 1955, the Kitimat Chamber of Commerce has been an integral part of our community for over 60 years. Supporting and advocating for the business community is one of our paramount underpinnings. From networking opportunities for our business leaders, to holding community events in tandem with many of our community partners, we are in our town connecting Kitimat. We offer a multitude of advertising opportunities in many forms to help you promote your business as well as an array of resources to help you recruit and retain your workforce, your Kitimat Chamber of Commerce is here for you.

While the Kitimat Chamber is many things to many businesses, organizations and individuals – Advocate, Connector, Communicator, Facilitator, Thought Leader – for key stakeholders, it is also that of a community advocate and community leader. The Kitimat Chamber of Commerce will continue to advocate on behalf of our members to ensure that these challenges are at the forefront, and as the voice of business, we will lobby our elected officials in all levels of government for the betterment of our community.

Our members are from where we get our strength; your continued support to your Chamber will help to continue on our path of growth and help see Kitimat continue to thrive for many years to come.

Executive Director - Trish Parsons

Chambers of Commerce across British Columbia will be celebrating Chamber Week, February 20 – 24, 2017. This is an opportunity to recognize the unwavering commitment of the Kitimat Chamber in supporting local businesses, boosting economic development opportunities and providing vital resources for businesses in our communities.

As part of our events during Chamber Week, the Kitimat Chamber of Commerce would like to invite our members and residents of Kitimat to stop by our Mini Trade Show on Thursday, February 23, from 5:00 – 7:00 pm at the Riverlodge and see what our organization and our members have to offer. For more than sixty years, the Kitimat Chamber of Commerce has worked to provide tailored resources to help our members achieve excellence. Creating jobs and driving the local economy to work with all levels of government and the public to build a better community.

As a member of the BC Chamber of Commerce, BC's largest and most broadly-based business organization in the province, the Kitimat Chamber provides an avenue for business people in our community to create a positive business environment. We also provide our members with a vehicle to promote our community and region to the outside world to encourage growth in business investment and developing tourism opportunities.

As life in Kitimat returns to a less hectic pace, we continue to be committed to working with all of our stakeholders to build a sustainable and prosperous future for Kitimat. We are confident that economic development is achievable, while protecting our environment and that Kitimat will be known worldwide as a Marvel of Nature and Industry.
